

Video Visits with The Polyclinic

General Information

What is a video visit?

A video visit, sometimes referred to as “telehealth” is an online video appointment with your provider. All you need is a computer, tablet, or smart phone, and internet access. You can see and talk with your provider through your own device.

Who can use this service?

The Polyclinic now offers video visits for patients for primary and specialty care, including urgent, general office, and preventative services.

**Call your provider’s office to schedule an appointment.
Appointments are required for all video visits.**

Set Up Instructions

What do I need for a video visit?

To enjoy the best experience on VSee, you will need a device that has a microphone and speakers, webcam or built-in camera, and access to high-speed internet. These can be found on devices such as a:

- Smartphone
- Tablet
- Laptop
- Desktop computer

What internet browsers are supported?

VSee works on:

- **Preferred** - Google Chrome (latest version)
- **Supported** - Mozilla Firefox (latest version)
- Safari (latest version)
- **Not Recommended** - Microsoft Internet Explorer (9.0 or later)
flash player must be installed

Also, make sure that your device’s JavaScript and Cookies settings are turned on. It is likely that they are already turned on, but if not they can be found in the settings of your device. For technical support, call the support number below.

How do I prepare for my VSee video visit?

To get started, close all other browser tabs, applications and video conferencing programs that can interfere with VSee, such as WebEx, Skype and GoToMeeting.

Additionally, log out of your social media accounts such as Facebook, Twitter, WhatsApp, Instagram, and disable Bluetooth during your VSee Visit.

Using a computer:

1. Ten minutes before your scheduled appointment, enter polyclinic.com/VideoVisit into your internet browser. Click the department for your appointment and then click "ENTER WAITING ROOM".

The screenshot shows the Polyclinic VSee waiting room interface. At the top left is the logo "THE POLYCLINIC". On the top right are links for "For Provider", "Help", and "Test Computer". The main heading is "Welcome to Polyclinic Internal Medicine MADC". To the right of this heading is the "Room code: INTMEDMADC". Below the heading is a message: "Thank you for choosing The Polyclinic and for using our video visit feature. This waiting room is for patients who already have a scheduled appointment for a video visit. To schedule, please talk to your provider or call our office at 206-329-1777." Below this message is "Current number of patients waiting: 5" and "If this is an emergency, please call 911". A blue button with a camera icon and the text "ENTER WAITING ROOM" is circled in yellow. Below this is a section titled "Our Providers" with two provider cards. The first card is for Agata Sikora, with a green dot and the word "Available". The second card is for Antonius Mulia, also with a green dot and the word "Available".

4. Accept the Privacy and Terms. Click "I Agree."

Privacy and Terms

To create a VSee Account, you will agree to our [Terms of Service](#) and [Privacy Policy](#) by clicking the button below.

Here are the important things to know about our [Privacy Policy](#) :

Data we store when you use VSee products.

- When you set up a VSee Account, we store the account information you supply including name, email address and other data you provide.
- When you use your VSee Account we store your instant messages, usage history, and crash analysis data.
- For VSee Clinic users only : We store only the scheduling information, medical history, photos and notes that you enter into the VSee Clinic application.
- For VSee Clinic providers only : We store scheduling information and the information you and your users enter into the VSee Clinic application.

Why VSee stores this data.

- Enable our products to work as intended.
- Improve and identify problems in our software.
- Communicate to our users about VSee and telemedicine.
- Allow providers to assist their VSee Clinic users.
- Ensure HIPAA compliance with respect to auditing and archiving of data.

How to control your data.

- VSee users can request that VSee delete all or some of their personal information by contacting privacy@vsee.com.
- Questions about our policies and handling of your data can also be directed to privacy@vsee.com.

5. The video call will launch. Your provider will join the visit shortly.

6. If you experience issues installing VSee, click "Help" in the upper right corner of the screen for VSee support information.
